

Human Resource Development: Scholarship Programmes

Japanese Government-sponsored MEXT Scholarship Programme

- The scholarship is open for undergraduates as well as researchers (postgraduates/doctoral degree). From this year, a scholarship for teachers' training is expected to start.
- Since 2006, around 3 students are selected by the Embassy every year.

Other Scholarship Programmes

- MEXT Scholarship Programme (University recommendation)

Variety of Subjects Studied

Mining Engineering, Geology, Agriculture, Animal Science, International Relations, Business, Economics, Environment and more.

Career Paths

- Lecturer/researcher at prestigious universities, including UB, BIUST and BUAN.
- Administrative officer at reputable institutions, such as SADC, Botswana Geoscience Institute and Botswana Meat Commission.
- Editor for local newspapers.

Networking with Returnee Students

- Annual reception is hosted by the Embassy for strengthening network among returnee students as well as between returnee students and the Government of Botswana and Japanese-related organizations.

Make best use of highly-qualified students with the first-hand experience in Japan.
