

Courtesy Call by JICA Volunteers on Ambassador OHMORI Setsuo

19th February 2024

On 16th February 2024, Ambassador OHMORI Setsuo welcomed five new JICA volunteers who arrived in Botswana last month. Each volunteer has extensive experience in their assigned field, including Environmental Education, Badminton, Marketing (prevention of Gender-based Violence), Computer Technology and Forestry and Afforestation. They will be dispatched to their respective host-organizations by the end of this month.

Currently, there are 33 JICA volunteers in Botswana and we are expecting more to come this year.
